

REMARKS

The Specification has been amended to include reference to application number PCT/GB2003/003690, filed August 22, 2003, which in turn, claims priority from United States Application Serial No. 10/227,131, filed August 23, 2002.

The Claims have been amended to reduce multiple dependencies and to conform claims more closely to U.S. practice. Claim 59 has accordingly been canceled.

New claims 61-74 are presented herein. Support for new claims 61-74 is found in the original claims and throughout the Specification as filed. Support for new claims 61-74 is found, for example, in original claims 20-28, 31, 33-34, and 36-37, respectively. No issue of new matter is introduced by this amendment.

Entry of the foregoing amendments and early and favorable processing in the National Phase before the United States Patent and Trademark Office is courteously solicited.

Respectfully submitted,
